

FINTEC

1080 CONE CRUSHER

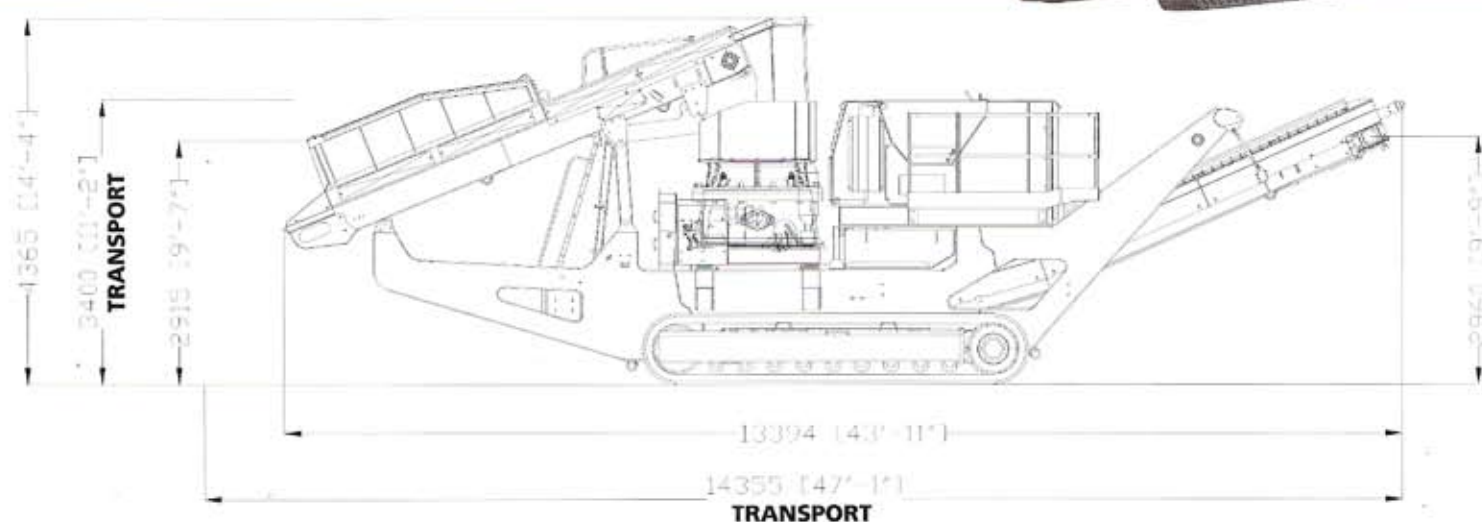

*success knows
no boundaries...*

FINTEC 1080

Machine Specification

Crusher	Sandvik C3, Hydroset Cone
CSS Range	Course: 13 - 38mm (1/2" - 1 1/2") Medium: 8 - 25mm (1/3" - 1")
Max Feed Opening	190mm (7 1/2")
Engine	CAT C11 (285kw, 385hp)
Hopper Capacity	5m ³ (6.5yd ³)
Feeder Conveyor	1000mm 3 ply (40")
Main Conveyor	800mm 3 ply (32")
Weight	37.5 Tonnes (84,375lbs)
Dust Suppression	
Remote Radio Control	

Options:- Closed Loop Recirculation System /
Stockpile Conveyor
Remote Diesel Pump
Dust Suppression Water Pump
Belt Scale

- Secondary Sandvik C3 Cone Crusher with Hydraulic CSS adjustment using hydroset system
- All in direct feed which produces high quality final aggregates
- Total access for cone maintenance from above due to hydraulic folding feed conveyor
- Micro control system
- Hydrostatic crusher drive
- Tramp metal relief system
- Level monitoring fitted in crusher to control feed rate and to insure cone is choke fed
